The Golden lining

Would you like to learn one more secret?
Don't tell it to anyone okay?

The story Rapunzel was actually inspired by the journey of a con man named pi.

He made lies effortlessly,
He didn't rely on his skills
rather he used his lies to
live life.

But one day all these lies piled up and he couldn't keep track of all of them, not being able to wrap his head around them, this messed with his brain, so he ran into the woods to escape these thoughts, he realised after some time that he had lost his way

It was a cloudless night

Being Clue less about where to go, he had to sleep in the forest, just as he was closing his eyes, he saw a glow of light approaching him

It was a glowing butterfly

He had never seen one so he decided to follow it.

He collapsed in front of a tower,
A girl picked him up and got him to rest,
Next day morning when he awoke, he felt something change,

The Golden lining

but it felt good

As sun light from sun rise but the room he
saw a golden lining appear across the room
his eye followed it, it lead upto his hand

It was the hair of the girl who saved him.
She was relieved to see him awake finally
When she asked him how he ended up there,
in his mind he made an elaborate lie about
how he was a prince who went hunting but
ended up too deep into the forest so he
decided to return the next day.

But all that came out his mouth was that he
was too distraught that he had to run away
from the situation he was in.

This shocked him.

He tried again but all that come out of his
mouth was the truth

That's when he realised the magical power of
this girls hair, he couldn't lie to her

Finally actually Sharing his actual situation
helped him understand how to deal with it

The con man became an honest man,

He used his skills to live life

The girl's hairs golden lining was truly like a
clouds silver lining

Whenever pi lost his way, the girls pet
butterfly would guide him back to her.

The girl and pi lived happily ever after.

No Better colour Looked Everywhere

Once upon a time, there was a very talented painter called pi

He was so good that the whole kingdom was after his work.

One day a fairy come down to his work shop and told him that he would be granted a wish if he painted using the best colour. The second he heard that he started mixing colours.

He took sand, lime and copper ore and heated it to make a blue pigment called Egyptian blue.

He took saffron and tumeric to make a yellow dye and he painted the best painting of a beach

He called for the fairy

She said, wow, the painting came out wonderful, I'd have to agree that this is the best painting in the world .

He tried so many dyes, he even created new ones just for this.

No Better colour Looked Everywhere

He kept on trying for yrs but was never able
to find the best colour to use for his painting.
After a decade, he got sick of it and decided
to stop painting for good,
He moved on to enjoy his life, the king's
daughter who was impressed by his work fell
in love with him through his work.

She was perfect for him
One day he decided to paint a portrait of her
in her favourite pink n white outfit.
As he was doing the final stroke, the fairy
popped up in his room and told him, uv done
it, u have painted using the best colour.
This surprised pi but he realised why .
The fairy added that now he can use his one
wish. Pi replied saying,
Something by itself does not have value,
It's the feelings and the people associated to it

The task you gave me wasn't about painting
using the best dyes found in the world
It was to find the dye that looked the best to
Me. And for me the best colour is whatever
the most beautiful n prettiest girl in the world,
my love wears
That's why it worked right?

Fairy responded with a yes

Fairy asked him, so what about your wish?

He replied, having her is a dream come true

The fairy smiled and flew away.

High Up

Hey, do you wanna know a secret?
The weather cycle is a lie, I'll tell you the
actual reason why it rains if you promise to
keep it a secret.

Once upon a time,
there was a boy called pi, his daily chore
was to go into the woods to collect fire wood
One day while collecting wood, he went down
deep into the woods where he came upon a
eerie Hut from which he heard an innocent
meow

It was a witch's hut, she had trapped a kitten
to add it into her potion.
Pi sneaked his way in to let the kitten free,
but before he could get out, the witch cursed
him.

High Up

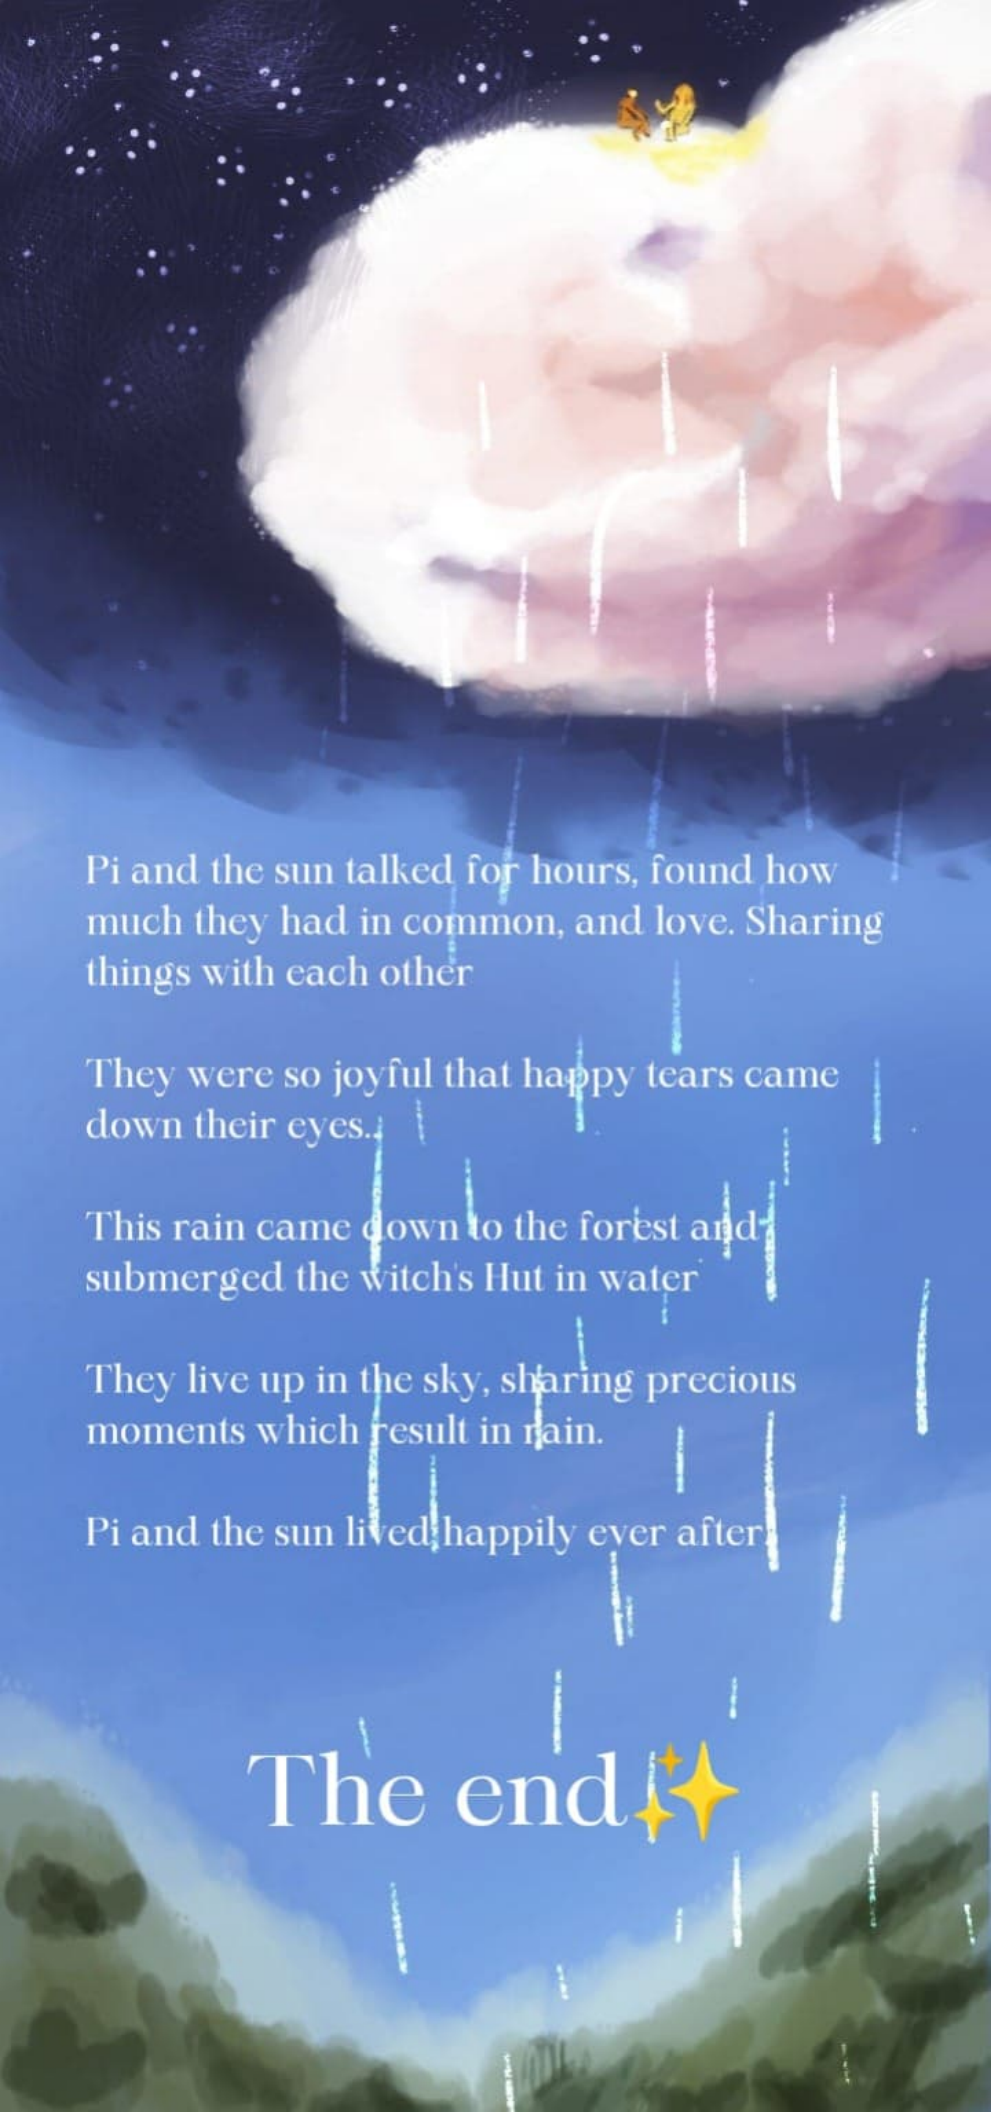

He was cursed to spend the rest of his life wandering in the clouds all alone

Pi was heart broken, being so high up, he had no one to talk to. he searched and searched through the clouds.

After hours of searching he was hit by a radiant light which filled him with energy. He approached this mysterious source of light, it was a star ✨

As he got closer, he realised that the star he has been seeing in the sky - the sun has been a beautiful princess who had been cursed by the same witch because she tried to save the kitten

Pi and the sun talked for hours, found how much they had in common, and love. Sharing things with each other

They were so joyful that happy tears came down their eyes.

This rain came down to the forest and submerged the witch's Hut in water

They live up in the sky, sharing precious moments which result in rain.

Pi and the sun lived happily ever after

The end ✨

As the fourth story..
Can we tell ours?
